About us

CRAFTED FOR
CONTEMPORARY
SPACES

As **Aldeko**, established in 2018, we proudly build upon a profound **40-year** legacy of excellence in the construction industry, pioneered by **Vikanshu Petrochem**. This deep-rooted experience has earned us a reputation as a trusted leader, contributing significantly to India's infrastructure development across diverse regions.

At **Aldeko**, we are committed to delivering innovative solutions that meet the dynamic needs of modern construction. Specializing in the production of high-performance Aluminium and Metal Composite Panels (ACP), WPC LOUVERS, ACRYLUXE, WALLUXE, SOFFIT, our premium products are engineered to redefine modern aesthetics and unlock new possibilities in architectural design. We offer unmatched versatility, superior durability, weather resistance, and stunning visual impact for both interior and exterior applications.

Our unwavering commitment to quality, sustainability, and exceptional customer care forms the bedrock of our operations. Each panel is meticulously crafted at our advanced manufacturing facility in Kotdwar, Uttarakhand & Second unit in Sonipat, Haryana, which adheres to stringent quality controls and relevant industry certifications. We also integrate sustainable practices throughout our production process to minimize environmental impact.

With a comprehensive distribution network and a dedicated support team, we provide seamless delivery and reliable service throughout India. Our extensive range of colors and finishes, offering from classic to contemporary, provides the versatility to bring any unique architectural vision to life.

Customer satisfaction is at the core of everything we do—your success is our success. Partner with **Aldeko**, and together, let's create something truly extraordinary.

Flexiluxe

Flexiluxe

Core Benefits

Engineered with durability, style, and functionality to enhance every space with lasting beauty.

SOFT TOUCH

Comfortable touch combined with elegant surface design

LONG DURABILITY

Exceptional durability for everyday interior applications

TERMITE RESISTANCE

Strong protection against termites for everyday confidence

WATER RESISTANT

Engineered to resist water and preserve elegance

SCRATCH RESISTANT

Superior scratch resistance for long-lasting performance

A premium blend of beauty, performance, and lasting value.

EASY TO CLEAN

Smooth surface designed for hassle-free maintenance

ANTI FINGER PRINT

Clean-looking surfaces with reduced fingerprint visibility

ANTI BACTERIAL

Hygienic surface solution for everyday applications

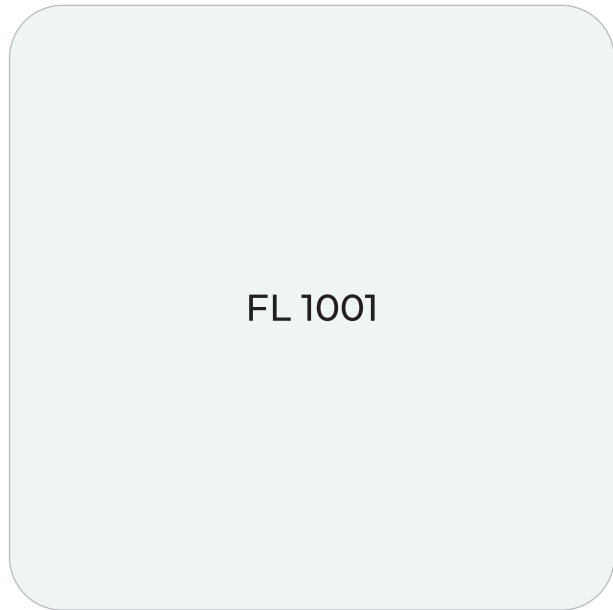

COLOUR STABILITY

Preserves surface colour and premium appearance

Flexiluxe is made up of premium Acrylonitrile Styrene Acrylate laminate that is engineered for surfaces that demand both design freedom and lasting performance. Built to bend around curves without cracking or losing finish, it's the ideal choice for modern interiors that call for fluid, contemporary shapes — from curved wardrobe panels to rounded kitchen islands and reception counters.

TECHNICAL SPECIFICATIONS

CARING FOR YOUR FLEXILUXE LAMINATE

Flexiluxe laminate is engineered for lasting beauty with effortless care. A few simple habits will keep it looking flawless for years to come:

- Everyday cleaning - A soft, non-abrasive cloth and a mild glass cleaner are all you need to keep surfaces spotless.
- What to avoid - Harsh chemicals, bleach, and abrasive cleaners can dull or damage the finish over time. When in doubt, plain water and a gentle cloth do the trick.
- Choosing the right finish - Our glossy surfaces are designed to shine brightest on vertical applications.
- A quick reminder - Thinners should never come into contact with Flexiluxe laminate, as they can compromise the surface.

BRINGING FLEXILUXE HOME: INSTALLATION MADE SIMPLE

1. Start with a clean substrate — plywood, MDF, or chipboard — free of dust and debris.
2. Apply adhesive evenly across both the substrate and the laminate surface.
3. Press firmly from the center outward, working toward the edges and corners for a seamless bond.
4. Let it set for 24-30 hours undisturbed, allowing the bond to reach its full strength.

OUR PROMISE TO YOU: LIMITED WARRANTY

ALDEKO warrants that its Flexiluxe products are free from manufacturing defects and suitable for normal indoor use under recommended conditions. This warranty covers manufacturing defects only and does not apply under the following circumstances:

- Natural colour variations between different production batches.
- Damage caused during transportation, handling, storage, or installation.
- Improper or incorrect installation of the product.
- Exposure to direct sunlight or prolonged UV radiation.
- Use in exterior or outdoor applications.
- Damage caused by misuse, negligence, accidents, or improper maintenance.

THICKNESS : 1 M (±10%)
STANDARD SHEET SIZE : 1220MM x 2440MM (8'x4')

ALDEKO's liability is limited solely to its Flexiluxe products. The company is not responsible for issues arising from plywood, adhesives, hardware, installation methods, workmanship, or any other materials used during installation.

HOW FLEXILUXE MEASURES UP

A quick side-by-side look at how Flexiluxe laminate stacks up against UV-coated and PVC surface materials:

Attribute	UV	PVC	FLEXILUXE
Environmentally Sustainable	✗	✗	✓
Climate Durability	✗	✓	✓
Surface Finish Quality	✗	✓	✓
Secondary Fabrication Ease	✗	✓	✓
